

Gulf Coast Groceries

About Us

Founded in 2011 by Justin Franklin, Erin VanDerMeid, Cindy Perez, Sam Maitre, and Max Zagerman. These five management staff members first met while attending Gulf Coast University. After completing a business project in their professional writing class, their wheels started to turn. They were inspired to start the business after the project and began discussing the hassles and inconvenience that accompany grocery shopping.

Using their project as a guideline, they took the proper steps to start the business. These five management members, along with the rest of Gulf Coast Groceries staff members, are dedicated to serving the community by making grocery shopping easier for the Estero area, and hopefully expanding their business in the near future.

Our Goals

The organization's mission is to be the leading provider of quality groceries to busy consumers by friendly and courteous personnel. We consistently aim to provide our customers with the most innovative and convenient ways of shopping while also being an eco-friendly business.

Company Values

Gulf Coast Groceries values the customer's time by offering a more convenient way of shopping for groceries. Our staff is an important factor in what makes Gulf Coast Groceries a successful business. Every staff member is considered a friend rather than an employee and all

customers are treated as family. We value diversity in our organization and strongly believe in promoting within.
